

# rpb<sup>®</sup> NOVA 3<sup>®</sup>

ADVANCED PERFORMANCE, HEAVY INDUSTRY RESPIRATOR

ISO9001  
CERTIFIED COMPANY

## The ultimate protection & future-proofed performance

As you know, it is paramount that your blasters have the best equipment to obtain maximum productivity. How can you increase productivity and advance your safety? The RPB® Nova 3® is an advance on the RPB® Nova 2000™ in comfort and functionality. It can also be customized to suit individual needs, further enhancing employees' performance. It meets worldwide safety standards worldwide including NIOSH, ANSI Z87.1 -2010+ and ANSI Z89.1 -2012 Type 1 Class C.

The high standards required of a modern work environment make onsite health and safety top priority. Aside from injuries to valued employees, there are the potential costs of business interruption, non-compliance and negative effects on your company's reputation that need to be considered. The Nova 3® minimizes the risk to your employees and your business.

The Nova 3® has been engineered to distribute its weight evenly across the head and shoulders for maximum comfort and minimum fatigue.

**NIOSH**

Type CE Supplied Air Respirator

**CE 0194**

EN12941:1998+A1:2003+A2:2008

### **BOOST PRODUCTIVITY WITH THE RPB® "FIT & SAVE™" LENS SYSTEM**

Contractors have reported a time saving of over 45 minutes per day per blaster by using the RPB® "Fit & Save™" tear off lenses that have individually pre-folded tabs, meaning workers are guaranteed to tear off only one lens at a time.

## Choose from 5 cape options:

28" or 38" Nylon Cape

28" or 38" Leather Cape

XL or XXL Blast Jacket

With use of a cool tube, the jacket directs cooler air around your torso to keep your upper body at a comfortable temperature, the jacket also offers greater protection for the operator.

Streamlined air system that directs air to the breathe zone, reducing lens fogging and eliminating head chill

Tough, high-pressure injection moulded helmet shell, manufactured from engineering grade nylon

Bellow seal creates a complete barrier to dust and particulates

Large viewing window that provides optimum downward and peripheral vision

"Fit & Save" tear-off lens system that reduces downtime

Removable visor for efficient lens replacement

Light grey helmet surface reflects heat while the vibrant green visor ensures visibility

Field-replaceable air inlet fitting with a unique thread so it can't be installed incorrectly

Ratchet adjustable padding system creates secure custom fit

Large, glove sized latch that is easy to locate and use

Hand Strap for easy transportation and storage

Clip on cape seal stops abrasives and dust entering the helmet

Cape is securely attached with 8 snap fasteners

"Fit & Click" Inner Lens System that reduces downtime

Remove the lens frame.

Replace the lens.

Click back into place. DONE!

The key to it all - the hex lock key, located inside the helmet, is the only tool needed to remove all attached parts

Personalize your helmet with one of our decals

Moulded padding designed to fit closely to the operator's head, spreading the weight evenly and reducing fatigue

The RPB® Nova 3® Respirator pairs perfectly with these products and more:

#### RPB® RADEX FILTER™

Polluted air can be the cause of major health issues, so how can you improve the quality of the air your employees are breathing?

The RPB® Radex™ Airline Filter exceeds industry filtration standards so you can be assured that your workers won't suffer the consequences of breathing contaminated air. The Radex Airline Filter is fitted with a large capacity, 6-stage filter cartridge that removes moisture and particulates to 0.5 micron and odor from the compressed air stream, providing clean, breathable air.

#### INCLUDED

#### RPB® C40 CLIMATE CONTROL DEVICE™

Working in an environment where the temperature is comfortable is key to maximizing productivity. So how can you ensure that your employees are productive?

Your solution is the RPB® C40™, which can heat and cool your supplied air as desired. With the slide of a lever, your employees can switch from heating to cooling ensuring they are always comfortable.

#### RPB® GX4 GAS MONITOR™

As you know, dangerous levels of toxic gases can cause fatal injury or death. How can you have complete confidence that the air you and your employees breathe is safe?

Your solution is the RPB® GX4™, an intelligent gas monitor that has the ability to detect up to 4 gases, giving you peace of mind.
